# CLIENT TESTIMONIAL

[www.elsb.com](http://www.elsb.com)

"We recently concluded a renegotiation and renewal of our core processing contract with ICI Consulting's assistance. Enlisting ICI to act on our behalf during this process was one of the best decisions the La Salle State Bank executive team has made.

Our ICI consultant brought a tremendous amount of industry knowledge to the table and spearheaded the whole project for us. He kept us on task and walked us through the entire process, step by step. The end result was a new, long-term contract with our core processor, at a significantly discounted rate than our previous contract provided to us. We are very happy with our decision to hire ICI Consulting!"

- Jeff Ellis  
President & CEO
