CLIENT TESTIMONIAL

www.citizensbankinfo.bank

"ICI Consulting's expertise in core contract renewal negotiations was the primary reason our Bank entered this partnership. Unlike banks that typically undergo this process once every five to ten years, ICI steps through these negotiations multiple times a year.

Our assigned consultant had a deep understanding of the process and went above-and-beyond in all aspects of our core contract renewal negotiation. Throughout the process, ICI's expertise and knowledge proved to be beneficial, which led to a successful outcome for our Bank."
